## Suggestion(s) if any

This is the worst university, only violence bombing on innocent student, hostel are full of goons, administration is worst

Worst University ever in my life experience,

Scope of improvement

More of Practical learning should be done.

1. Try to restore the glory of PU

This kind of survey should be done within the students when they were part of the college. It would be better as they may know the current status of the college and as well as the Department too.

Infrastructure should developed, library should rich in resources, books, sitting capacity, etc

All is well/satisfactory

Very burst

Frequently violence and gun shot are happen inside the campus, some unwanted person disturb the friendly environment.

Violence is major problem inside the campus (gang war, gun shot, bombing, etc)

There is a need of creating more informative and innovative educational environment in the campus of the College.

Thik thak

I don't expect anymore from Patna University for my goodness. I just have committed the biggest mistake of life after getting admission here. I'll never recommend anyone to get admission in Patna university. It is one of the worst university in India.

hostel should be closed

Focus more on creating a well disciplined college structure with enhancement of infrastructure. College needs a full infrastructure plan

Please regulate hostel properly waha Gunda rahte hai sab

Information regarding any activity or problem should be provided by university in written so that ward doesn't face any problem in future with minimum fee

Environmental science - no field visit, no lab , not guided for future.. problem. Hope only with this time department head. Shahla Yasmin madam

Not any suggestions

There must be skill course introduce for welfare of student

Stop Bombing in college campus by hostellers
