Good

Patna university (especially patna college is worst in this universe) 🙄 😞 🙄 😞 🙄 😞

Scope of improvement

Need some more permanent faculty for the department.

Poor

LACK OF DISCIPLINE.

More advance courses with well equipped practical facilities should be introduced

There should be debating culture too.

Fillup the professors vacancy in the department, work on infrastructure.. etc

I think philosophy of karl marx and Engels must be included in UG curriculum of political science.

More emphasis should be given on practicals.
Laboratory equipments needs to be upgraded.
Choice of electives should be more.

Self motivation for learning experience in career

Project and seminar expo should be organised at the end of semester. And inter and intra college participation and collaboration must present

The number of experiments performed in a particular semester should increase and more appartus should be incorporated in the laboratory to enable maximum students to perform experiments at the same time.

There is more need to research activities and organising of cultural activities for multidimensional development

Quiz competition among intra department

Techniques in modern biology should be added in practicals and there should be provision of interdisciplinary summer/winter project work.

I want to complete my degree M.A Persian last 2 semester.
