**Coordinator, MBA Programme, Department of Applied Economics and  
Commerce, Patna University**

**Convenor, Counselling, Training and Placement Cell, Patna University**

Dear Sir,

1. Reference is drawn to the telephonic discussion held with you by the undersigned regarding Financial Education program for M.Com and MBA students. Our invitation for the proposed program as well as brief details of the same are presented in subsequent paras.

2. Securities and Exchange Board of India (SEBI) is the regulator of securities market in India. Under SEBI Act, 1992, SEBI has been mandated to protect the interest of investors apart from development and regulation of securities market in India.

3. For the purpose of protection of interest of the investors, it is the considered view of SEBI that though a majority of population is academically literate, it is the need of the hour to make them financially literate so that they can take their financial decisions in a more prudent and meaningful manner. SEBI further feels that it is imperative for investors to be aware of the intricacies of the financial markets which encompasses importance of timely and sustained savings, investment only in recognized financial products, various avenues of investments, setting up of personal financial goals etc. so that they can secure their future by way of informed decision with regard to their investments.

4. To this end, SEBI has initiated pan India mass 'Financial Education' programs for various target groups, one of them being college/university students. These programs are intended to create basic awareness among students on the importance of Financial Planning, basics of Budgeting, Inflation effects on Investments, Risk & Return, available

**saving & investment avenues, precautions etc. to be taken before investing**, etc. These workshops/seminars are strictly product neutral and no canvassing/ marketing of any financial product is embodied in such workshops/seminars.

5. For the above purposes, SEBI is also encouraging students to visit SEBI offices which is aimed at familiarizing the students about the above aspects including an introduction to stock market and role of SEBI. As discussed over phone, in the current extraordinary circumstances concerning Covid-19, we propose to arrange the abovementioned session for your undergraduate and post graduate students, online using the medium of internet. The program will be of about 1:30 hours consisting of video lecture, power point presentation and discussions. As suggested over phone, we may conduct the proposed online session on Monday i.e. **November 26, 2020 , 11:00 AM** onwards. You are requested to send your confirmation vide return email. In case of any clarification required/query, please feel free to contact undersigned.

6. We would like to add that the week November 23, 2020 – November 29, 2020 is being celebrated as "**World Investor Week, 2020**" globally, promoted by iosco (**The International Organization of Securities Commissions**). SEBI, as a member of IOSCO, has been actively participating in World Investor Weeks and conducting investor awareness activities since 2017. It would be pleasure to host a program for your students during the World Investor Week, 2020.

7. We are also associating with RBI for the proposed program and resource person from RBI will enlighten the audiences about the key aspects of safe and digital banking. This will be a part of 1:30 hours program, proposed as above.

Yours sincerely

**Kumar Abhishek**
